**Flinders**  
UNIVERSITY

NATIONAL CENTRE FOR  
GROUNDWATER RESEARCH AND TRAINING

## Postdoctoral Fellows in Hydrology/Hydrogeology

**REF 10264** (Program 2) – Groundwater Modelling (Three positions for three years)

**REF 10265** (Program 4) – Groundwater - Vegetation - Atmosphere Interactions (One position for three years)

Flinders University is a respected international leader in hydrologic education and research, and is the administering organisation for the ARC/NWC co-funded National Centre for Groundwater Research and Training (NCGRT). Four vacancies for Postdoctoral Fellows currently exist within the NCGRT, to undertake research in Program 2 on Hydrodynamics and Modelling of Complex Groundwater Systems and Program 4 on Groundwater-Vegetation-Atmosphere Interactions, based at the School of the Environment, Flinders University.

The successful applicants will work with the leadership of the NCGRT in developing and conducting groundwater research projects within these areas. More information is available at: [www.groundwater.com.au/ncgrt/our-research/](http://www.groundwater.com.au/ncgrt/our-research/)

- **School of the Environment**
- **Available for three years on a full-time basis**
- **Salary (Academic Level B): \$73 969 to \$87 836 pa**
- **Plus 17% employer superannuation**
- **Applications close: 11.00 am Monday, 22 November 2010**
- **Interviews to be held: Mid December 2010**
