

Couple of PhD positions

I am looking for a couple of PhD students to work in the following general areas (start from Oct or Dec 2010):

1. Transdermal Drug Delivery
2. Dynamic Multiphase Flow in Porous Media
3. Tissue Engineering

More information on the projects (funded) to be provided to the students directly.

If you know any prospective PhD student (UK/EU), I would be grateful if you could encourage him/her to contact me at [<mailto:D.B.Das@lboro.ac.uk>](mailto:D.B.Das@lboro.ac.uk) D.B.Das@lboro.ac.uk with copies of CV and transcripts of marks.

Dr Diganta B Das

Senior Lecturer,

Chemical Engineering Department,

Loughborough University
